TAIWAN

Dear Mr. Hsueh:

The National Institute for Occupational Safety and Health (NIOSH) has reviewed your request dated October 16, 2008. This request was for an extension of approval to TC-84A-4227 to add a private label version of the model number F720 N95 filtering facepiece air purifying respirator (APR) for Steelpro Safety Products of Santiago, Chile, under the same model number F720, as referenced on assembly matrix VISF720AMA.xls.

This request is granted. Approvals are granted only for documentation written in the English language. It is the manufacturer's responsibility to correctly translate materials desired in languages other than English.

The CD enclosed with this letter contains the final respirator label. The abbreviated label has been accepted as submitted. The cautions and limitations which apply to this approval are on the approval label. Only those assemblies affected by this request, or where new approval numbers are assigned, apply to this approval action. Production approval labels cannot include information on unapproved configurations.

The approved assembly consists of the parts as listed on the approval label and the assembly matrix. Parts are to be marked with the numbers indicated on the approval label in a legible and permanent manner (marking cannot be removed without evidence of its previous presence).

No changes may be made to any respirators and accompanying documentation without prior written approval of NIOSH. Requests for changes must be submitted to NIOSH and a modification of this approval must be granted before changes are made.

Sincerely yours,

Heinz W. Ahlers

Dear Mr. Hsueh:

The National Institute for Occupational Safety and Health (NIOSH) has reviewed your request dated October 20, 2008. This request was for an extension of approval to TC-84A-4229 to add a private label version of the model number F720/V N95 filtering facepiece air purifying respirator (APR) with exhalation valve for Steelpro Safety Products of Santiago, Chile, under the same model number F720/V, as referenced on assembly matrix VISF720VAMa.xls.

This request is granted. Approvals are granted only for documentation written in the English language. It is the manufacturer's responsibility to correctly translate materials desired in languages other than English.

The CD enclosed with this letter contains the final respirator label. The abbreviated label has been accepted as submitted. The cautions and limitations which apply to this approval are on the approval label. Only those assemblies affected by this request, or where new approval numbers are assigned, apply to this approval action. Production approval labels cannot include information on unapproved configurations.

The approved assembly consists of the parts as listed on the approval label and the assembly matrix. Parts are to be marked with the numbers indicated on the approval label in a legible and permanent manner (marking cannot be removed without evidence of its previous presence).

No changes may be made to any respirators and accompanying documentation without prior written approval of NIOSH. Requests for changes must be submitted to NIOSH and a modification of this approval must be granted before changes are made.
